

Mr. Amit Sharma: Alumni of First Batch (2015-19) from Mahatma Gandhi Government Engineering College Kotla (Jeori)

Amit Sharma, a bright and ambitious student, enrolled in the very first batch (2015-2019) of Mahatma Gandhi Government Engineering College Kotla (Jeori). He was determined to make the most of his college years and build a successful career. During his stay at MGSEC, Amit excelled in his studies, demonstrating exceptional skills in problem-solving and an innate ability to grasp complex technical concepts.

Amit has completed his matriculation and intermediate from G.S.S.S. Berthin, Distt. Bilaspur, HP. Due to his keen interest in the field of Mechanical Engineering, Amit decided to go for higher studies in the field of Mechanical Engineering. He had successfully cracked the GATE exam which opened the further doors for his career. He got enrolled in one of the premier institutes of the country, Dr. B.R. Ambedkar National Institute of Technology Jalandhar (PB) from where he has successfully done his M. Tech. with specialization in Design Engineering. During his masters, he also authored 4 research papers in various esteemed journals. During his Masters only, Amit got many offers from esteemed organizations like Larsen and Toubro, Havells India Limited etc.

He started his professional journey with the **Centre for Research and Innovation for Havells India Ltd.**-One of the Largest and Most Diversified Electrical Products. He started his journey as a Post Graduate Engineering Trainee for the Research and Development Centre for Havells India Ltd. Amit had consistently impressed his superiors with his technical skills, problem-solving abilities, and dedication to delivering customer-oriented solutions. His hard work and dedication did not go unnoticed. Within a few months, he was promoted to Senior Research and Development Engineer. His technical skills, coupled with his management expertise, is helping to drive innovation in the company's products and services.

Amit's journey from a student at MGSEC Kotla-Jeori to the Senior R&D engineer of one of the largest and India's fastest growing electrical and power distribution companies became an inspiration for aspiring engineers. He is actively contributing to the design and development of future products for the next generations in India and across the World.

Amit Sharma's journey exemplifies the power of determination, hard work, and a passion for one's chosen field. His unwavering commitment to excellence, combined with his technical prowess and leadership abilities, propelled him from a student at MGGECE to a successful R&D engineer. As he continues to shape better products for the society, Amit's story serves as an inspiration for young minds, reminding them that their dreams are within reach with dedication and perseverance.
